LAND TAXES HERE TO GO UP THIS YEAR

CONSTRUCTION ON THE new city hall reached about 5 per cent completion this week, with the foundation, rough plumbing and excavation all finished. The setting of cement block walls started today. The picture above shows the cement blocks at floor level, and landscaping of the site will be at this level of the building. The building will be finished by fall. The old buildings on the site will be moved away. (Desert Sun Photo)

President Will Get New Medical Examination Friday

WASHINGTON (AP) — President Eisenhower announced today that he will undergo a thorough medical checkup Friday.

The chief executive said the examination would be from head to toe. He said he was not undergoing the extensive tests specifically because of his heart attack of last Sept. 24th, but that his cardiac condition would be examined extensively during the course of the total checkup.

Presumably he will enter Walter Reed Hospital here for the examination. He said the Boston heart specialist, Dr. Paul Dudley White, is in Washington but he did not know whether White will participate in the examination.

OTHER NEWS

Conference highlights as the President met with over 200 reporters.

1. The President described new incidents between Arab and Israeli forces as unfortunate, but he said he was hopeful that the cease fire arranged by U.N. Secretary-General Dag Hammarskjöld would hold. Meantime, he said the whole Western world was striving diligently to arrive at a peaceful solution of Middle East differences that will be more permanent.

2. He said he now definitely intends to attend the June 25-26 meeting of American chiefs of state in Panama unless extremely urgent developments here prevent his attendance.

3. HE FELT that the federal government's employe security program basically is in good shape, regardless of the recent disclosures concerning Sidney Hatin, Air Force economist, who was dropped tentatively 14 months ago because of alleged Communist associations.

4. The President said he had invited Sen. Walter F. George

AEC Says Reds Got Jump on Atom Research

WASHINGTON (AP) — The Russians "got the jump" and soon will have a lead over the United States in an important phase of basic nuclear research, the Congressional Atomic Energy Committee disclosed today.

Atomic Energy Commissioner Willard F. Libby gave the Senate-House Atomic Energy Committee a report on the situation in mid-February. His testimony, later screened for security purposes, was made public in printed form today.

The substance of Libby's testimony was that the AEC now is planning to build an atomic research device which Russia already is constructing. The Soviet device, Libby said, will give Russia, for a couple of years, the most powerful equipment existing for research in the field of very high energy.

The research equipment is a 10-to-12 billion electron-volt proton accelerator—a sort of super atom smasher. Libby said the energy region which would be explored by the accelerator "seems to offer great promise for high energy physics research."

Chrysler Idles 6200 Workers

DETROIT (AP) — The Chrysler Corp. Tuesday laid off 6,200 workers, bringing to 37,000 the total number of employees idled by the firm.

The layoffs were attributed to production cutbacks caused by falling sales.

Only 6 Days Left for Village Girls to Enter Miss Universe Contest

"Circle May 15 on your calendar as a reminder to appear at the Chi Chi that night to enter the first Miss Universe elimination contest in Palm Springs."

This was urged today by contest representatives, who pointed out that only six more days remain prior to the initial contest.

"We have the most beautiful girls in Palm Springs and surrounding area, judging from the first two contests, and fame and fortune may await one or all entrants," the representative of the two sponsors, The Desert Sun and the Chi Chi, continued.

The first of four elimination contests will start at 7:30 p.m., next Tuesday, and all women between the ages of 18 and 28 are invited to enter.

Valuable prizes will be awarded to the winner, who will be crowned "Miss Palm Springs of 1957," and who will go on to represent the Village in the State contest in Hollywood, and if winner there on to the Miss United States, and possibly Miss Universe contests.

Council to Act on Permit for Surrey Tonight

City council tonight is expected to take action on granting a permit to E. A. Aldridge, 394 North Palm Canyon Drive, for operation of surreys along Village streets.

The permit, which will be for 10 years subject to various restrictions and regulations, provides for year-round operation. One surrey car would be operated during June, July, August and September; at least two in May and October, and not less than three the remainder of the year.

The surreys would start their routes four months after the permit is issued.

The city will receive five per cent of the gross receipts, or \$25 per month, whichever is greater. The permit does not grant an exclusive franchise to Aldridge.

Bridge Detour Opens Tomorrow

Detour around the Tahquitz bridge, which is scheduled for widening, is expected to be ready for traffic by Thursday afternoon, according to officials of the State Highway department.

The detour has been constructed, and will be paved today. Traffic lines will be painted tomorrow morning, and detour signs erected.

testants may be married or single, professional or amateur, may be sponsored by a merchant or individual or she may present herself as a competitor without any sponsorship.

An application form will appear throughout this week in The Desert Sun, starting tomorrow, and during the remainder of the contest. Contestants are asked to fill it out and bring it with them to the Starlite Room.

Griddle Readied for Press at Gridiron Dinner

Roasting and toasting of members of the press and radio will take place on a grand scale tomorrow night in the Starlite Room of the Chi Chi.

The event which marks the third annual Gridiron Dinner hosted by the Retail Merchants division of the Chamber of Commerce will throw Charles Farrell on the stage throwing oral barbs at the honored guests to the expected laughter and glee of an audience in excess of 250 persons.

Before Farrell starts his satirical description of the press and radio and what the men and women of the fourth estate have failed to do, installation of the newly elected officers of the Retail Merchants Association will take place. A spokesman for the group announced that this ceremony will take only five minutes.

To be installed as president will be Adrian Rosen; George Beebe, Jr., first vice president; H. F. Baker, second vice president; Larry Quinn, treasurer, and Stanley Jallof, secretary.

From the moment this ceremony is over the fireworks a la Farrell begins—and it's going to be really hot, according to advance information.

Adlai Man Wins in New Mexico

SANTA FE, N.M. (AP) — Gov. John F. Simms, an Adlai E. Stevenson man, has apparently won renomination in a close race with Ingram B. Pickett, an Averell Harriman backer, in the Democratic primary in New Mexico.

Simms had a lead of 2265 votes with only 115 voting places yet to be heard from of a total of 920.

Pickett, the state's corporation commissioner, refused to concede. He also charged there had been "skulduggery" in several voting places and said he would ask that ballot boxes in seven counties be impounded.

7 Hurt, One Dead in Blast in Shipyard

Eleven Ambulances Called to Scene Of Accident

ALAMEDA, Calif. (AP) — A rumbling explosion, felt and heard throughout a large part of Alameda and nearby Oakland, ripped through a Todd Shipyards drydock here today, killing one man and injuring at least seven others.

The blast, which shot through the belly of the General Petroleum tanker Syosset in drydock repair, occurred shortly after 11 a.m. PDT. Seven ambulances answered the emergency call and removed three of the injured and the dead man, Leon Evans, Oakland, to Providence Hospital.

At the hospital emergency room attendants listed condition of the three men injured as "serious." Four others received minor injuries and were treated at the shipyard infirmary.

The eight men were in the lower front pump room when a fire and an explosion flashed through the lower decks of the big tanker.

Cause of the fire and explosion was not immediately determined. The seriously injured were identified by the hospital as Richard Lee, San Francisco; and Joseph Massey, and Jesse Richards, both of Oakland. All were laborers.

County Rejects Asphalt Plant

The County Planning Commission yesterday afternoon turned down the application for a rock-and-asphalt plant, proposed for construction near here by the Robert E. L. Parker company.

Officials of the City of Palm Springs had asked for a continuance of the hearing, and though the commission's practice is to grant such requests, the hearing was held when a large number of witnesses showed up at the meeting.

Commissioner L. C. Lewis said today that the plant was definitely a threat to the City of Palm Springs.

It was to be located within a quarter of a mile north of Palm Springs and two miles east of Indian Avenue.

The only course left to the applicants is to appeal to the County Board of Supervisors and they in turn must reverse the recommendation of the Commission.

Sen. George Won't Run for Reelection

Dean Of Senate Accepts NATO Job Offered By Ike

WASHINGTON (AP) — Sen. Walter F. George, 78, dean of the Senate and its most powerful figure in foreign relations, announced today he will not seek reelection.

President Eisenhower promptly offered him a post as his personal representative in NATO work. George indicated he would accept the job.

The veteran Georgia Democrat said he had told Mr. Eisenhower he "would not shirk my duty... or any responsibility that might be requested of me."

George, chairman of the Senate Foreign Relations Committee, said that any position he may take in the future might start at the end of this session of Congress or might be delayed until January when his Senate term expires.

George's sudden and unexpected decision to retire from the Senate was made in this one-sentence announcement.

"For good and sufficient reasons on which I will not elaborate at this time, I will decline to offer again for the Senate after the present term."

The senator's physician gave one of the reasons.

George also had faced one of the hardest political fights of his career in a contest for renomination against former Georgia Gov. Herman Talmadge.

POMONA PAIR TRAPPED ON CANYON LEDGE

POMONA (AP) — A Pomona scoutmaster and his 15-year-old son, trapped on a narrow, rain-swept ledge in a canyon of the San Gabriel Mountains, were rescued early today by sheriff's deputies and civilian mountaineers.

Norman Jansen and his son, David, were in a party with six other scouts and their fathers hiking through the canyon yesterday. David strayed away from the group and his father found him on a narrow ledge on the canyon wall.

Jansen was trapped when he crawled out on the ledge in an effort to save his son and the remainder of the party sent for aid.

The father and son were taken to Pomona Valley Community Hospital for treatment for exposure.

Cypriot Violence Looms on Eve of Two Hangings

ATHENS (AP) — Greek rioters attacked a U.S. Embassy building today and burned the British flag in demonstration against British determination to hang two men convicted of terrorism on the island of Cyprus. Authorities reported two known dead.

NICOSIA, Cyprus (AP) — Greek Cypriots threatened bloody reprisals against Britain today in eye-for-an-eye vengeance against the scheduled hangings of two extremists.

Grim British troops tightened security measures throughout Cyprus in the worst crisis of the 13-month old campaign of violence. Riots were feared and Britons were warned to stay indoors.

Nicosia was a dead city but an explosive one.

Greece appealed to the United States to intervene and in Athens strong guards were placed around British installations in expectation of outbreaks.

The two men who are to hang are Michael Karalis, 22, and Andreas Dimitriou, also 22. Karalis murdered a Greek Cypriot policeman in August. Dimitriou wounded a British businessman last November and was sentenced to die under emergency regulations against the carrying of firearms.

They would be the first executed as terrorists.

It was believed they would die at dawn Thursday but no public announcement was made.

All Realty in Village Reappraised

Increases Range From Zero To Thousands Per Cent

Land owners in Palm Springs and surrounding area, as well as in other parts of Riverside county, can expect increased taxes this year.

This was the word today from Frank Burchfield, county tax assessor, who confirmed reports that reassessments have been conducted in a large portion of the county in an effort to avoid an overall upgrading of assessments by the State Board of Equalization.

All land in Palm Springs and surrounding area has been reappraised. The reappraisal did not cover capital improvements on the land.

ONLY AREAS not reappraised this year, and Burchfield said that this was due to manpower shortage, are West Riverside, Palo Verde Valley, and sections around Banning. These areas will be covered next year.

Each parcel was considered by itself, with no set pattern for an increase, Burchfield said. Increases ranged from no per cent to several thousand per cent.

This is the first time a reassessment has been conducted in the county since 1949, with property values having changed greatly in many cases since that time.

ONE AREA which may escape a major portion of increased appraisal is between Palm Springs and Indio, especially where recent subdivisions have been inaugurated, the county assessor added. The department has kept abreast of values fairly well in this area, he said.

Records of all parcels of land are now being collected from all parts of the county and it will take at least until the middle of June before all are recorded in the Riverside office. Property owners cannot learn prior to that time whether the value of their land has been increased.

All increased valuations will be reflected on the tax roll in July. Burchfield termed the reappraisal a tremendous job, as there are between 160,000 and 170,000 parcels of property in the county. All work was accomplished by department men as "outsiders would laugh at the salary we could offer," he said.

IN FACT, low salaries were responsible for losing about eight men from the department within the past year, the assessor continued. "We train them for employment elsewhere at higher salaries," he explained, and then added, "this is not my policy, but the policy of the supervisors."

Only assistance given his department was through consultation with real estate people in the areas covered, Burchfield said.

The reappraisal was the result of action taken by the State Board of Equalization last year in tentatively ordering an overall appraisal increase of approximately 39 per cent on all property in Riverside county, and then withholding enforcement of the order for one year.

Learning Birds Give Runaround to Police Here

Police were called last night to investigate a possible forced entry into a home at 1905 Camino del Monte, and the informant, Com. Venable of 242 Camino Desconso said there was a screaming at that address.

Investigation found everything to be in order.

As the officers started to leave, they too heard the screaming. A short search solved the mystery.

About a dozen swallows, chirping and screeching, were learning to fly.

Legion Post to Sponsor '56 Memorial Day

Owen Coffman Post, No. 519, American Legion will again sponsor Memorial Day Services at the Palm Springs cemetery on Wednesday, May 30, at 9:30 a.m. Local Service Clubs and other veterans organizations will participate by laying flower sprays or wreaths, according to Jay Morrison, commander.

Ministers of different faiths will take part, with music befitting the occasion to be played on the Hammond Organ by Dr. Irma Glen, besides other music that is now being arranged.

Others who will appear in this ceremony honoring service men and women who gave their lives for their country, will be Mayor Florian Boyd, a member of the local Legion Post, and Earl Coffman, also a Legionnaire, and for whose late son the Owen Coffman Post was named.

Public Defender Resigns Position

The resignation of Maurice Sherrill as public defender was accepted by the board of supervisors this week with regret. Sherrill said he is resigning to enter full time private practice of law as an associate of Earl Redwine, former district attorney and county counsel, in Riverside.

The first application for the position vacated by Sherrill was received Monday and referred to the personnel director. The applicant is E. Scott Dales who for three and one-half years was deputy district attorney under the present district attorney, William O. Mackey. Since December of 1954 he has been engaged in private practice.

Service Examinations Set by Sen. Kuchel

Youths between the ages of 17 and 22 may compete for appointment to West Point, Annapolis or Colorado Springs, U. S. Senator Thomas H. Kuchel announced this week.

Examinations will be given July 9 in 45 California cities, including Indio. Young men interested must notify Senator Kuchel by June 1.

Santa Cruz County Flying Club Hits Bad Weather Before Leaving

The Santa Cruz County Airmen's flying group paid a two-day visit to Palm Springs, but due to bad weather on the coast only four ships and eleven members were able to complete the flight which had scheduled twenty-three airmen and eleven planes for the trek starting from Santa Cruz Airpark.

Among the club's members who enjoyed their overnight stay in the Village were Roy Sherrill, flight commander; Esther Rice, owner with her husband, Russell, of Santa Cruz Airpark; the John Fosters, Tex Owens, Dent Sniders, Harold Hade, Bob Houghton and Linnea Bohrer, all of Santa Cruz and Watsonville.

The Airmen organized in 1946 and each alternate month visit a resort area. A recent trip of twelve aircraft and twenty-four members made Acapulco their goal. In July they plan to attend the convention of flying clubs in Seattle.

County Employee Salary Study Deferred Again by Supervisors

Defeat of an attempt by Supervisor Paul Anderson to appropriate \$6500 for an employee classification study which would no doubt be a prelude to increasing salaries, followed a recommendation this week by the Riverside County Farm Bureau that immediate action be taken to adjust salaries.

The vote on Anderson's motion was three to two, with Supervisors George Berkeley and William Jones agreeing with Anderson, and Supervisors Fred McCall and Roman Warren opposing. As it takes four votes to appropriate money from the county's reserve fund, the motion did not carry.

Supervisor Jones explained that though he voted for an allocation of funds for the proposed employee classification survey, he does not necessarily favor raising salaries. He said the classification survey is needed for intelligent budget study.

"TO SAY IT WOULD reduce taxes to raise salaries just don't make sense," said Jones, replying to a remark by Gordon Dunlap, who appeared before the board in behalf of the Farm Bureau. Dunlap said an increase in salaries would contribute to reduction of taxes and would save money in the long run. "You'll never eliminate the turn-over," said Jones.

"I agree raising the salaries would not eliminate the turn-over," said Dunlap, "but it would reduce it. Past experience has proved Supervisor Anderson stressed the fact that his motion was to furnish funds for the classification study. "How much does it take to show this board the condition of our classification plan?" he asked. "This board is the last to recognize the need for a survey to properly classify our employees. Most of the taxpayers know what the need is."

"I'M OPPOSED TO the proposed study because we don't have the money for it," declared Supervisor McCall. "I think it would be out of order. We should give the taxpayers a chance to be heard before we act."

"I don't believe we are elected to wait for other people to decide these things," stormed Supervisor Anderson. "We were elected to do the best job possible and to make decisions. Our top personnel is from \$100 to \$150 per month below those of other counties. Our departments are not properly manned because we can't attract or hold employees with our low salaries. What does it take to wake this board up?"

"We'll wait until budget time and discuss it then," said McCall. "If you do that, I'm afraid you'll wait another year," said Dunlap.

BICYCLE HOBO is the self-designation of Charles F. Benjamin of Romoland who passed through Palm Springs last week on a return trip from Phoenix. He is 66 years old, and has been riding the bicycle since he was seven. (Desert Sun Photo.)

66-Year-Old Has Unusual Hobby, Riding Bicycle Throughout West

Charles F. Benjamin of Romoland is a man with a hobby, one very few people his age would adopt.

The 66-year-old retired man is a "bicycle hobo," taking to the highways whenever the mood strikes him. And that's quite often.

In the past five years he has traveled more than 25,000 miles on his four-speed bicycle, which is loaded with safety features, camping equipment and other needs of the road.

He stopped in Palm Springs on his way back from Phoenix (the trip took him a week) and his arrival home on the same day depended on wind conditions in the Pass.

HE WASN'T TIRED in mid-morning, as he travels for pleasure stopping when he desires. There's no set goal for a day's ride, just an ultimate destination.

One of his biggest problems now is choice of the destination for future trips as he's been almost everywhere in this area, including San Francisco, Las Vegas, Escondido, and points in between.

On a trip he averages about 35 miles a day, except when he runs into wind, his biggest hazard. The worst wind he ever hit was at Dry Lake at the Nevada-California line when he only made five miles in one day while walking against a 60-mile-an-hour wind.

HE'S BEEN RIDING since he was 7, and his present bicycle is 22-years old and in excellent condition.

His riding diet consists of a heavy

breakfast, then beer, peanuts and milk. "You just can't eat a heavy meal and pedal too, in the hot desert sun," he explained.

When at home, which is seldom, he spends his time gardening while living on a California old-age pension.

State Study of High School Started Here

A study of Palm Springs High School got under way this week when representatives of the California Association of Secondary School Administrators met with members of the board of education and the staff at the school.

The study recommended by Dr. Wallace R. Mulder, superintendent of schools, is part of the attempt to "continuously improve" the schools here, Dr. Mulder said.

The State secondary educators have had an established method for evaluating secondary schools for a number of years. Dr. Elsie Gibbs, director of Secondary Schools for San Bernardino City schools, one of the visiting members of the association, told the group meeting at the High School that "this is one sure way to work towards better schools."

Custodians, school clerks, pupils, faculty, and other people from the communities will participate in what is described as a self-evaluation. This is the first high school in Riverside county to be so analyzed.

Henry Greeley, High School principal, an ardent supporter of the idea, set October 1 next fall as a goal for the first progress report on the study.

President Ray Sorum, Frank Muller and Helen Staley, members of the board of education, were present at the "kickoff" session.

NAACP to Name Delegates to Meet

Members of the National Association for the Advancement of Colored People will hold their regular meeting at 8 p.m., Thursday, at the Carpenter's Hall on Radio Road.

Two delegates will be selected to attend the 47th annual convention of the NAACP in San Francisco.

Jerry Nathanson, president, will preside at the session.

County-Wide Zoning Opposed

"The many dangers, involvements, and injustices inherent in county-wide zoning of all agricultural lands are far greater than the possible benefits from such zoning," declared the Coachella Valley Farm Bureau Center in recommending to the board of supervisors this week that agricultural zoning be designated only via availability to any area in which a majority of the property owners request it.

The center expressed awareness of the hazard to agriculture in the county from the creation of new residential areas.

The communication was filed.

Supervisors Disregard Recommendations, Delay Village Interim Zoning for Week

Although Herman Ranes, planning director for the City of Palm Springs, and Tyler Sues, county planning director, indicated the advisability of prompt action on the part of the Riverside County Board of Supervisors to adopt an interim zoning plan for an area adjacent to the northerly boundary of the City of Palm Springs as recommended by the county planning commission, the supervisors delayed action for another week "to give people a chance to protest if they so desire."

Supervisor George Berkey withdrew a motion he had made for adoption of the interim zoning when it seemed likely that the majority of the board would not go along. His motion had been seconded by Supervisor Paul Anderson, but Supervisors William

Jones, Fred McCall and Roman Warren said they could see no hurry and argued that another week's delay would give everyone an opportunity to be heard.

Ranes said the City of Palm Springs is "officially quite concerned," and wants to see the property owners protected and the entrance to the city kept attractive.

Sues explained that interim zoning, unlike definite zoning, is flexible. "We have been very successful with interim zoning," he said, "granting non-conforming interim zoning permits in the interim zoned areas in conformance with a tentative plan drawn up for use pending completion and adoption of a final comprehensive plan."

Under the proposed interim zon-

ing for the Palm Springs area all zones other than those already non-conforming would be R-1 residential but any one desirous of any other type of zoning in the area could apply for a non-conforming permit which in most cases would be granted.

Asked by Randy Walker, attorney for the Crock and Wilson properties, whether a permit could be anticipated for the service station and store which his clients

propose to put on a portion of their property, Sues replied in the affirmative. "In my opinion they would not be even temporarily barred," he declared. He said it is expected that some of the area would go into commercial and light manufacturing zoning.

Petitions bearing the signatures of 49 property owners in the area development in the residential section before a comprehensive plan can be completed, because of the threat of commercial zoning.

Infection Holds 1000 on Cruiser

LONG BEACH, Calif. (AP) — The Navy's heaviest cruiser Toledo was in quarantine today with its crew of 1,000 men confined to quarters aboard the vessel following an outbreak of a throat infection.

Capt. T. A. Torgenson, commander of the ship, cancelled all leaves and passes after 110 members of the crew were stricken with a virus throat infection. Torgenson said the throat infection, accompanied by a high fever, began Saturday when 50 men were stricken.

Death Rides 111

By GEORGE E. CAMERON, JR.

Customarily, death is symbolized either by a gaunt old man or a skeleton bearing a scythe. Sometimes he is a rather beneficent character, as when he personifies on New Year's Eve the old year graciously giving way to the new. More often death is presented far more realistically. He is quite a grisly character, representing the lives uselessly snuffed out by carelessness or disaster.

Unfortunately the latter characterization is the more apropos in connection with Highway 111. On this Palm Springs-to-Indio roadway the harvest of death is on constant increase. And none can say there the advent of death is beneficent.

For this is the highway on which too many uninformed motorists have been killed or injured. The highway is curving, offering many blind spots and hazards. It is indeed unfortunate that it has not been widened to a full four lanes or to an additional six-foot shoulder.

Speed, of course, is the principal culprit. Head-on, high speed collisions are

common. Yet there is another cause, one which most tourist-conscious Southern Californians hesitate to mention. That is the lack of minimum speed laws in this area.

Hurting high speed is one hazard. Excessively slow speed is another. Tourists are principally to blame. Those motorists so awed by the scenery that they fail to keep their cars apace Highway Patrol members say these slow drivers are as great a hazard as the speeders.

The answer, of course, a minimum state speed law which would spur along tourists until they ceased to be a traffic hazard. If this minimum were properly posted, visitors would neither take offense nor obstruct traffic.

First need of Highway 111 is, of course widening to four lanes or installation of a six-foot shoulder from Highway 74 to Palm Springs. But the second best is to post minimum speed signs thereon to prevent the traffic pileups that produce all too many accidents.

Resentful to Orders

(Cortesville Record, Cortesville, Pa.)

All of the Southerners are not war-ringing against the Supreme Court's decision on school segregation. In conversation with many of them we learn that there are many who want to go ahead but they don't want to be ordered to up-

set, overnight, a system which has long been in practice. And they resist the activities of some of the Northerners who, those in Dixieland allege, do not know the first thing about the problem which confronts the South.

Vice President Important

(Nanty-Glo Journal, Nanty-Glo, Pa.)

Not only the Republicans, but the American people as a whole must remember that the man who would become vice president under Ike must also be of presidential calibre.

For we all must face the fact that the

president in his condition might at any time be forced to retire from his duties.

That is why the forthcoming campaign — assuming that President Eisenhower is the Republican nominee — will be the most unusual in American his-

Look at South Dakota

(McLean News, McLean, Texas)

South Dakota is a debt free state. In addition, after paying about \$10 million in veterans' bonuses it recently was able to reduce taxes.

The Lennox, South Dakota, Independent says, "While the nation and virtually all other states have expanded their public debts, South Dakota has been re-

ducing its obligations. An extra tax, such as the sales tax to pay the bonus, nearly always is retained. But not in South Dakota.

Officials of the other states should "go to school" in South Dakota and learn how this splendid achievement was made possible.

ROBERT S. ALLEN:

WASHINGTON — The Justice and Commerce Departments are cracking down on black-marketing in nickel — the essential military metal that has been in stringent short supply for industry for months.

A number of "criminal prosecutions" are in preparation.

That's what Commerce Secretary Sinclair Weeks has told House Democratic Leader John McCormack, Mass., who has obtained extensive information on this explosive matter for the purpose of conducting a public investigation.

McCormack still intends to go through with that plan. That's what he has replied to Weeks.

McCormack considers a congressional probe necessary on the basis of numerous letters and reports he has received from businessmen charging mishandling of the government's vital defense stockpile of nickel, and black-marketing and profiteering in the metal. Included in this file is a letter from Secretary Weeks to a leading Pittsburgh manufacturer admitting the existence of widespread black-marketing.

Following are highlights of this significant backstage correspondence between Weeks and McCormack:

FROM WEEKS: "I shall endeavor . . . to enumerate the actions the executive branch is taking to meet the problems arising out of an insufficient national supply of nickel to meet all our domestic requirements . . . In reference to the so-called black market in nickel . . . cases of violation have been investigated and suitable action taken, in some instances by reference to the Justice Department for criminal prosecution."

MCCORMACK'S ANSWER: "It occurs to me that this subject is

so complex yet vital to so many industries and individuals that a thorough airing of the entire matter by an appropriate committee would be in the public interest."

THE UNANNOUNCED DETAILS — President Eisenhower's \$200,000,000 economic aid program for Southeast Asia, including "neutralist" countries dealing with the Reds, is in deep trouble.

The House Foreign Affairs Committee got a private look at the undisclosed details of this plan, and Republicans and Democrats evinced marked indications that they don't like it.

Representative Walter Judd (R-Minn.), strong supporter of the President's foreign policies, caustically criticized this foreign aid plan.

"This is supposed to win the confidence of these people," Judd told Deputy Foreign Aid Director D. A. Fitzgerald, "but we're not doing it. In some places we have created irritation and even resentment, by the incompetence and arrogance with which our people deal with their problems."

Following is what Fitzgerald disclosed to the Committee is contemplated under this \$200,000,000 Southeast Asia phase of the \$4,900,000,000 foreign aid budget:

Establish an airline, with planes and facilities, for Afghanistan, which has arms and trade ties with Russia.

Provide technical training and other aid for Ceylon, which has just elected a leftist government that is proposing to evict British forces and business.

Provide strongly neutralist Indonesia with technical aid to improve its mining and industry.

Build modern telecommunications and transportation systems in Thailand, South Vietnam and Laos, all of them pro-

Western and U.S. Allies.

Set up a nuclear research and training center in the Philippines, to be used by all of Southeast Asia.

Deputy Director Fitzgerald was summoned by the Committee to explain the \$200,000,000 southeast Asia program. President Eisenhower submitted no details on that when he presented his foreign aid budget. Committee members lost no time in making it clear this plan faces a doubtful future.

"Your memorandum lists communication projects for Thailand, Vietnam and Laos," said Representative James Richards (D-S.C.), chairman. "Is that something they want and need, or are you hunting for something to do there?"

"These are highly desirable and important projects," contended Fitzgerald. "We have survey teams there examining existing communications facilities. Our plan is to build a modern system in these countries and thus bring them closely together. They are as remote from a standpoint of communications as if they were thousands of miles apart."

"But did they ask for this project?" continued Richards. "Yes, we had requests," said Fitzgerald. "They asked for individual communications systems, and we suggested they make it a regional system."

"Why are we building an airline for Afghanistan," demanded Representative E. Ross Adair (R-Ind.), "when that country is in the process of buying Communist arms and trading with them?"

"This airline is designed to link Afghanistan with the West," pointed out Fitzgerald. "It is primarily an internal airline with tentative terminals in Karachi and Teheran. We believe this project will help improve our relations with Afghanistan."

In ev'ry life
There's recompense
Such as this little letter:
"Your 'stay through May'
It makes much sense.
There's no month that is better."

As a rule, I don't pay attention to unsigned letters. Or people who refuse to tell you who they are when telephoning.

Anonymous letters leave me cold which is why the only time I welcome them is in July, August and the fore part of September.

But when a nice note comes, as outlined above, I pay heed.

My correspondent went on to say that after a week of May here she wonders why she ever considered Easter the end of the season.

Anonymous letters always remind me of the man who said he always threw them away "unopened."

FROM BERT FIREMAN, who writes a daily piece for the Phoenix Gazette entitled "Under the Sun," comes a clipping commenting on the Sista idea, so long advocated here but equally as long unsuccessful.

Fireman touches upon my plugging a Sista during the heated part of the day and its continued lack of adoption with a significant statement.

"A Mexican physician once said that the reason Mexicans are not afflicted with heart ailments as much as Americans is because they believe in the 3Hs (head, heart and heels) in a horizontal position, particularly after the lunch hour," he quotes Nogales newsman.

SOUTH OF THE BORDER they do it right. The Nogales newsman, via Phoenix, describes the action of Hermosillo, Mexico, where the Merchants Association has just set the hours from noon to 3 p.m. as Sista hours. They do it every year. Nap in the middle of the day no matter if a customer is waiting at the door or some other nagging business detail needs attention.

"When it comes time to relax—their relax."

UNDERSTAND COUNCIL is going to take action on a "use tax" applied to the spots where liquor of a strong nature, is dispensed.

Well, on the face of it, that is logical.

For those places are pretty well used by the populace. But I wonder who'll pay. Will the bars, pardon me, lounges, absorb the tax or will their clients absorb it with the other ingredients.

COUNTY SUPERVISORS are acting cute in their determination to guard the morals of the people of the vast desert area.

In considering the petition of Rancho Mirage to incorporate, they excluded the area where it had been planned to build a quarter horse race track.

If it were incorporated, providing the vote was favorable, the county would lose control of zoning for the area which control would go to the new city.

So they just cut it out of the plan and retained it there they could keep an eye on it.

Says D. O. Flynn, "There's nothing new under the sun—and it's the same old malarkey under the moon."

It's a pleasant day. The sun is shining, a breeze soft and billowy is blowing through the open windows of your car as you turn off 60, 70 and 99 onto Highway 111.

In the automobile with you are your wife and two children. It will be a lovely day's vacation on the desert — that's the thought which motivated the trip in the beginning.

Automobiles are rolling in the opposite direction too. Some are going at a breakneck speed and there are drivers who pass you in a hurry to get to Palm Springs.

Quite suddenly the wind changes from a gentle zephyr to one that's filled with biting particles of sand. You grip the wheel a bit harder. It was just a gusty blow which has dissipated itself. You relax and take it easy.

Right ahead lies Windy Point! You are unaware of the vagaries of the wind there — once you may have remembered but now that's in the dim past. Everything is beautiful — A great day. You'll have plenty of time for all the sunlight and fun that waits ahead in the fabulous city of Palm Springs.

QUITE SUDDENLY an unseen hand grips the front of your vehicle. Before you can react to this new menace you've hurtled across the dividing line of the road. It happened so fast. There was that automobile coming directly at you. The next thing you remember is the impact of the motor as it is shoved almost into your lap. You're trapped and the pain is excruciating. Oblivion places a shroud over your awareness of things. Somewhere back there you remember your wife and children. But that thought comes and goes faintly and then it fades completely.

The telephone jingles on Unedited's desk. The California Highway Patrol is on the phone. Yes I reply. I have heard that same message, it seems a thousand times. "There's an accident at Windy Point. Fatalities. Bodies on the highway. Better roll." My heart starts to beat at a faster tempo. I can feel the throb in my ears. Slow down, I say to myself. Slow down! We'll get to that awful sight soon enough. Get the names. Who was driving? What happened? How did it happen? You walk beside the California Highway Patrolman as he counts his paces measuring the distance of the skid marks. Who it to blame? The lady is coming to. Maybe she will tell. But all she does is moan: "My children. My children. Where are they? My children." The ambulance has picked them up off the road.

"They'll live," the driver says. The man — he's the husband. The CHP shakes his head. "I'll come back for him," the ambulance driver says. "And also for the other body," the driver of the second car.

THE TELEPHONE rings again. The scene is repeated down Araby Point way. The automobile had rolled over and over and over again. Along the road it belched forth the driver. CHP talking: "His car must have rolled com-

pletely over him. No, he wasn't going too fast. A witness said that an automobile coming from the opposite direction had swerved a bit too close to the middle of the road. It must have panicked the man lying out there in the desert. One wheel hit the soft shoulder and he lost control. That's the way I reconstructed the accident. Yes, he's a goner."

He paces the skid marks again trying to determine how fast the car had been traveling before it hit the sand. What difference does that make? Don't forget the record. Must have it for the record. The ambulance bays are putting on their rubber gloves. It's a mess of human flesh they have to pick up. Messy? A human being.

The California Division of Highways in San Bernardino have all the figures. Accidents on highways are calculated by electronics. The average number of accidents on two lane highways are 2.2 per cent, they will tell you. The division of Highway 111 encompassed by the story above runs better than 5 per cent.

FRED WEIGEL, reporter for the Desert Sun says, concerning this highway:

"The sharp grating ring of the telephone, brings you out of a deep sleep, and you hear, the voice on the other end say 'A TC at Araby Point. Ambulance is on way.' I am on my way to report to my readers, death and injuries on one of the most vicious dangerous highways of California, Highway 111."

"As a reporter I have covered many accidents on this highway, and in the early morning I have stood in the bitterly cold night holding a flare or flashlight as rescuers pulled men, women and children from the twisted, torn remains of an automobile. Once I stood almost an hour while a man with a cutting torch cut away twisted steel that held another captive in his turned over automobile."

During this past winter season I have reported on some 30 automobile accidents on Highway 111, and almost everyone of them can be blamed on just three reasons: high speed, recklessness, or intoxication. For here in the desert, nature itself plays a big part, when aided by these circumstances. The soft, sandy shoulders of a too narrow road or the swift, hard striking velocity of a strong wind can whip a car out of control and send it like a bullet into the path of an oncoming car or into the side of a mountain."

DON KLOTZBUECHER, City editor, commented:

"We try to cover all accidents when we hear of them. In the case of any collision on Highway 111 though, it's a mandatory assignment for anyone who takes the call — for Highway 111 has acquired the reputation of the "death highway."

"I've seen tragedy on both sides of Palm Springs, persons dead or dying or seriously injured. It's become a commonplace thing on Highway 111."

I know Highway 111. Long ago I named it. Through no fault of your own there's a coffin waiting for you on Coffin Lane.

Preliminary Plans for High School to be Considered

Board of Education of the Palm Springs Unified School district will be asked Thursday night to approve preliminary plans for the High School auditorium and music classroom. The time schedule which has been established by the architects lists the time for the building to be completed as about October 3, 1957.

Consideration of relocating a temporary building on the high school grounds from Cahulla School will also be brought before the trustees, and approval of preliminary plans for the Cahulla School addition will also be asked. Progress reports which will be presented by the business manager will include work on Cielo Vista School, Cathedral City School, the High School pump and well repairs, the Cielo Vista School dust abatement program, and the possible acquisition of land to the east of the High School. The board will also be asked to authorize a land survey at the Desert Hot Springs School.

In the matter of progress on the Cathedral City addition, the report shows that the school should have been completed on May 2, including 17 days extension of time, and on that date an inspection showed many things not yet done.

Dr. Wallace R. Muelder, superintendent of schools, said that "in view of the existing state of incompleteness of the job, it is doubtful that either the classrooms or multi-purpose rooms can be used during the current school year."

The report on the new Cielo Vista School in Section 19 shows that the project is progressing along on schedule. Foundation is in on two classrooms and foundation forms are 5 per cent completed on multi-purpose room and the administration building. The rough sub-grading on the school grounds is 50 per cent completed, and rough plumbing and electrical work is about 5 per cent completed.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP) — Carnegie Hall can never be the same today after presentation of an all-star card on which Lou Nova fought a tough draw with William Shakespeare and then literally kayoed Alfred Noyes.

If that sounds confused, you've got nothing on the fight mob. Because a goodly number — formal in blue suits, brown shoes and red ties — mingled with other patrons of the arts Tuesday night to hear the former heavyweight challenger present a "spring poetry recital."

And the bug-eyed boxing men will forget Nova's knockout by Joe Louis a lot faster than they will Lou's mauling of the muses.

ONE OLD DOLL in a tiara summed it up for the Uptown mob when she voted:

"Mister Nova's voice was mellifluous, his enunciation was precise and he knew his lines faultlessly."

Musky Jackson summed it up for the downtown mob when he voted:

"Jeez, I think we're all punchy."

Nova, it must be confessed, was even more nervous in the dressing room than before the Louis bout. Munching aspirin, he kept checking with flat-nosed Mike Dowd, a former sparring partner, to see what the gate looked like.

WHEN FINALLY, the bell rang, Nova moved into the spotlight and intoned:

"Mary had a little lamb . . . Willie the Beard! Gilzenberg popped his gum and whispered: 'I told you he fought too long.'"

"Hah," snorted Nova. "That's so you guys would know at least one poem, I am about to render. He didn't say 'perme,' either."

Lou launched then into "all the world's a stage." He announced, proudly, that it was by "William Shakespeare, the immortal bard."

"And a pretty good halfback at Notre Dame," said Hymie the Mink Wallman in a strident aside.

LOU IGNORED it and orated for a half hour. Then he took a powder between rounds while a couple of female middleweights sang, as Broadway Charlie Jones put it, like real informers.

"When I was one and 20," one yodeled, and some of the boys thought it kinda nasty to remind Lou that at that age he was a "comer."

The other one did a ditty about a hungry whale — "and let's not hear any cracks" suggested Tommy Loughran, not wanting anybody to put the rap on old Lou.

LOU CAME BACK then and fetched Shakespeare a couple more belts. And then, winding it up, he really murdered Noyes' "The Highwayman," acting it out with such ring gestures as shadow boxing, rope skipping and real fancy footwork.

"If he had moved like that the night he fought Louis," sighed Raccoon Lippy Breidbart, "he might of been rasslin' in Norfolk tonight."

Awed by unfamiliar surroundings, they left quietly. On the outside they met "Musky the Owl" McGhee. He didn't go in because he wanted to count the "house."

"Break my shoes," said the Owl. "Fifty-six people. This poetry racket must be for the birds."

So Nova, off on tour, started studying "The Raven."

U.S. Golfers Win Over Canadian by 21-6 Margin

FORT WORTH, Tex. (AP) — Neither the victorious U.S. professionals or the oft-beaten Canadians think there's much chance the U.S. domination of the international golf competition for the Hopkins Trophy will be broken in the near future.

The U.S. team, sparked by sub-par play of Tommy Bolt and Jack Fleck, handed the Canadians the soundest thrashing in the five-year history of the Hopkins Trophy competition Tuesday when they wound up two days of play with a 21-6 victory at Colonial Country Club.

The better than three-to-one margin compared with 20½ to 6½ margin in 1952, 26 to 9 in 1953, 41½ to 21½ in 1954 and 17 to 10 last year—the only other time the matches have been held in this country.

"The U.S. pros just have too much experience for us," said Canadian Captain Al Balding of Toronto after he was beaten 2½ to 1½ by Bolt of Chattanooga, Tenn., in one of Tuesday's feature singles matches.

Byrne Sidelined

NEW YORK (AP) — New York Yankee pitcher Tommy Byrne, who was supposed to start against the Cleveland Indians Tuesday, will be out of action for several days because of a heavy cough.

The 36-year old lefthander spent Tuesday in the hospital and more than likely will miss his next start.

Spahn Hurls 3-Hitter to Down Bucs

Veteran Milwaukee Pitcher Shows No Signs Of Aging

By FRED DOWN
United Press Sports Writer

Manager Charley Grimm of the Milwaukee Braves felt 10 years younger today because he's convinced that Warren Spahn is growing old gracefully.

Grimm had plenty of cause for worry over Spahn's 5.40 earned run average in three early appearances this year but the 35-year old southpaw demonstrated Tuesday night that he's still a star pitcher with a three-hitter that gave the Braves a 5-0 triumph over the Pittsburgh Pirates. The win enabled the Braves to run their winning streak to four games and hold first place.

THE SHUTOUT was the 35th of Spahn's career — highest among active major league pitchers—and moved him a step closer to a cherished goal. It was the 184th triumph of his career, leaving him 16 shy of becoming the only active pitcher in the NL with 200 victories.

Spahn walked only one batter and struck out 10 as he breezed to his first win of the year behind a six-hit attack that included home runs by Joe Adcock, Del Crandall and Bobby Thomson. The Milwaukee outfield had only one putout as Spahn faced only 31 batters and pitched no-hit ball after the third inning. Bob Friend suffered his second setback.

THE ST. LOUIS CARDINALS, meanwhile, took over second place when they routed Robin Roberts and beat the Philadelphia Phillies, 9-1. The Cincinnati Redlegs fell to third place when they bowed to the New York Giants, 5-4, and the Brooklyn Dodgers beat the Chicago Cubs 6-0. In other N. L. games:

Don Liddle's ninth inning relief aid preserved Jim Hearn's second win of the year as the Giants edged the Redlegs' four-game winning streak. Willie Mays had two hits and ran wild on the bases for the Giants, who've been involved in 11 one-run decisions in 18 games. They've won six.

Don Newcombe turned in a three-hitter for his fourth victory, enabling the world champion Dodgers to break a three-game losing skid. Gil Hodges hit a three-run homer and a run-scoring single for the Dodgers, whose last three victories have been scored by Newcombe.

IN THE AMERICAN LEAGUE, the New York Yankees made it seven out of eight over their three key rivals when they shaded the Cleveland Indians, 4-3, in the opener of a three-game series. Mickey Mantle, Elston Howard and Hank Bauer homered and Johnny Kucks scattered 10 hits for the Yankees.

George Zverink relieved for the fourth straight game and 13th time to the plate in an eight-run fifth inning to wallop the Washington Senators, 14-6, and Dick Gernert singled home the winning run in the 13th inning to give the Red Sox a 4-3 verdict over the White Sox.

Virginia Kidder Wins Trophy in Arrowhead Rally

Palm Springs Sports Car Club met Monday night at Howard Manor to talk over plans for the organization and award trophies for the successful Arrowhead Rally held over the weekend.

Virginia Kidder was presented the perpetual trophy by Mrs. William Ellsworth.

The Arrowhead Rally was hosted by the Ellsworths at their Arrowhead lodge, "The Shack."

Mrs. Kidder and her daughter, Carolyn now hold the Arrowhead Cup which must be won three times to become permanent.

The Rally started early Saturday morning and all through the day members made the climb from the warm Palm Springs desert to the still slightly chilly Arrowhead Lake area.

Saturday and Sunday club members enjoyed the mountain resort sports and recreations with a big party Saturday night at the Ellsworths.

Practically all members of the Palm Springs Sports Car Club participated in the event, those not making the run to the mountains, arriving Sunday for the day of recreation.

Earle Grace, president of the Palm Springs Sports Car Club presided at Monday night's meeting.

Berseems Heads Premier Field

INGLEWOOD (AP) — Berseem, the nation's top sprinter of 1955, today headed a list of 10 nominations for Friday's opening day feature, the \$25,000 added Hollywood Premier Handicap, at Hollywood Park.

The list for the six-furlong premiere drew 12 stakes winners. It was one of three sprint stakes scheduled during the 55-day meeting.

Berseem ran second to winner El Drag in last year's premiere.

Martinez Wins Over Goldstein

PHOENIX (AP) — Fourth ranking welterweight Vince Martinez, 148, Patterson, N.J., pounded out a unanimous decision Tuesday night over Dick Goldstein, 148, Los Angeles, in a 10-round main event at Municipal Stadium.

The New Jersey battler, who meets Tony Demarco next month at Boston, used pistol-sharp left jabs to outpoint Goldstein.

Stevens Out of Stars Line-Up

HOLLYWOOD (AP) — The Hollywood Stars have reduced their roster to 22 players and have until midnight tonight to cut one more man from the team in order to comply with the Pacific Coast League limit.

Hollywood on Tuesday dropped first baseman R. C. Stevens, who suffered a broken bone in his left hand when hit by a pitched ball last week, and lefthanded hurler Arthur Murray, who has a sore arm.

LOS ANGELES (AP) — Alejandro Olmedo, University of Southern California tennis star from Peru, today was to battle Bill Quillian of Seattle in a featured singles match of the 70th Annual Southern California Tennis Championships.

Olmedo won the right to enter the quarter finals Tuesday by defeating Oscar Johnson, 6-2, 6-2. Quillian, Pacific Northwest star, also starred in defeating Earl Baumgardner of SC and member of the Davis Cup team, 6-3, 6-2.

Both fighters were scheduled to stop training and meet in the afternoon at Legion Stadium to take prefight physical examinations for their May 18 title bout at Wrigley Field in Los Angeles. The examination was ordered by the state Athletic Commission.

Seek Patterson, Jackson Battle

NEW YORK (AP) — Promoter Jim Norris hopes to sign Tommy Hurricane Jackson and Floyd Patterson today or Thursday for their important heavyweight contenders' fight at Madison Square Garden next month.

Norris declined to comment on the proposed date, terms and television arrangements.

Bookmakers said 21-year old Patterson of Brooklyn will be favored at 8½ to 5 to beat 24-year old Jackson, of Far Rockaway, N.Y. because of his speed, skill and punch, although he has actually fought only one "name" heavyweight, Jimmy Slade, during this 30-bout career.

Crosby Didn't Beat Cook, Tooke Took Bing, 2-1

Something went off the beam Monday.

According to information received via telephone by The Desert Sun, Bing Crosby won the annual Tamarisk Country Club golf tournament over "Jack Cook" 2 and 1.

Seems there were several errors in that.

It should have been that Jack Tooke, (that's right) won over the Groaner 2 and 1.

Tooke was rightfully miffed in telephoning in his correct version which is herewith dutifully recorded.

Metcalfe Says AAU Actions Above Board

If Public Knew All The Facts, Criticism Would End Is Claim

By BOB KLAVERKAMP
United Press Sports Writer

CHICAGO (AP) — If people knew all the facts, they wouldn't be so critical of the AAU for barring track star Wes Santee and other athletics, T. Nelson Metcalf said today.

Metcalf, a U.S. Olympic official since 1932, retires in June after 23 years as the University of Chicago's athletic director.

He succeeded Alonzo A. Staggs in the post in 1933.

"The only shame of the Santee case," Metcalf said, "is that the AAU didn't catch up with a few other outstanding fellows who did the same thing in years past."

"THE AMATEUR RULES are all right," he said. "The fault lies with a lot of people besides athletes. Track meet promoters who paid big money to star athletes and AAU officials who were lax are fully as much to blame."

Metcalf, who has coached through winning and lean years, said "We can't afford to forget the Olympic ideal of amateur sports. They are for the fun of playing, for the glory of sport itself, and not the material gain an athlete can get out of it."

He said it was natural for the fans to make a hero out of Santee. But Metcalf said he hasn't met a person yet who didn't admit Santee was guilty of abuses when they learned all the facts about the case.

"THE AAU has declared more than 100 men ineligible over the past 15 or 20 years," Metcalf said, "but in most cases there wasn't much publicity."

"The AAU knew track stars in past years were getting excessive money from meet promoters, but AAU authorities weren't able to put the finger on them."

Metcalf, who helped manage the 1932 and 1936 U.S. Olympic track teams, ran at Chicago one of the "purest" athletic programs in the country.

"I doubt if any of our coaches has ever known any thing about the ability of one of his athletes before he enrolled in college," the 65-year-old Metcalf said. "Our athletic teams are made up exclusively of boys who have not been recruited."

RAINIERS TIGHTEN PCL RACE WITH 3 TO 0 WIN

By DON THACKREY
United Press Sports Writer

The Seattle Rainiers tightened the Pacific Coast League flag race last night by turning the screws on the Los Angeles Angels. The Rainiers elmer on their old mechanic, Elmer Singleton, who gave the Angels plenty of hits, but no runs. The Rainiers thereby got a 3-0 decision and moved to within a game of the top while Sacramento got to within a half game by sitting out the rain in Hollywood.

Len Neal led Vancouver to a 5-4 win over Portland and the San Diego Padres beat San Francisco 5-4.

Landy's Try for Record to Pack Stands

Australian Ace Is Magnet For Huge Throng At Fresno

By HAL WOOD
United Press Sports Writer

SAN FRANCISCO (AP) — The magic of John Landy's name and his ability to run the mile in four minutes or less have combined to spell box office success for track and field for the first time on the West Coast.

The Southern California-UCLA meet at Los Angeles on Saturday probably would have drawn about 5000 fans without Landy. With him, more than 38,000 went through the turnstiles.

Wilbur Johns, UCLA athletic director, watched the Landy race on television at the Sir Francis Drake Hotel here during the Pacific Coast Conference meeting over the weekend.

"WOW! LOOK at that crowd," he yowled when the television showed one side of the huge Los Angeles Coliseum filled. "Looks like a crowd for a football game."

There is more of the same to come for the West Coast Relays this Saturday at Fresno.

The stands there hold only 15,000 fans—and usually the night crowd for the oldest event of its kind in the West is about 12,000 to 13,000.

The idea to bring Landy to this country to pep up interest in Australia and the 1956 Olympic Games there in December was thought up by a bright young man named Pete Roselle, who works for Qantas Airlines.

On a trip to Australia, Roselle met Landy and decided it would be a fine thing for sports in U.S. for the young school teacher to run in this country.

OF COURSE, Dan Ferris of the AAU nearly killed the project completely when he threatened to make Landy a professional because Roselle hadn't gone through the proper

Parties Feature Activities at De Luxe Park

Parties again featured activities at the De Luxe Trailer Park this week.

Inez Olerud was hostess at a patio-luncheon honoring Ruth Brisbin, who was leaving shortly. Inez, the artist — both in water colors and oil painting — had her table appointments in blue and gold, centered with a float of violets melded into the darker purples of pansies, on which stood the daintiest of figurines.

Among her guest were Ruth Brisbin, Doris Harnden, Dell Ferris, Gertrude Melius, Ethel Nelson, Nona Ralph and Gladys Jones.

GUY OLIVER WAS host to 46 guests Thursday evening to one of his tamale-pie parties, served with appropriate wines.

The evening was ideal for an outdoor party on the barbecue patio overlooking the desert.

The long table was decorated with Parkinsonian blossoms and purple petunias, and it was a gathering of old friends who have spent many seasons in the past at De Luxe.

Those present were: Messrs. and Mesdames Fred Harnden, Porter Smith, Tom Landreth, Len Wilbur, Clay Morrow, Rudy Campbell, Dr. Melius, Oliver Ericson, Clyde Jones Howard Stillwell, Dave Cromwell, Vic Laursen, Ed Olerud, Clarence Adams, Emory Harnden, Dave Evans, C. P. Ralph, Lynis Nelson and John Langley, Ruth Cavanaugh, Edith Schonek, Virginia Davis, Dell Ferris and Louise Gibson. The dinner was followed by square dancing, with Osa Matthews calling.

ANOTHER GATHERING was the cocktail party hosted by Jessie and Clarence Adams Saturday evening. A group of 23 gathered to talk about plans for the summer and next season when they will all be neighbors again at De Luxe.

Their guests included: Messrs. and Mesdames Oliver Ericson, Clay Morrow, C. P. Ralph, Lynis Nelson, Dave Evans, Len Wilbur, Clyde Jones, Emory Harnden, Fred Harnden, Porter Smith, Dell Ferris, Edith Schonek and Guy Oliver.

DAVE AND ELVIRA Evans entertained a group of about 40 Sunday at a patio cocktail party. Featured on the hors d'oeuvres table were many unusual delicacies.

Guests were: Messrs. and Mesdames Emory Harnden, Fred Harnden, Dell Ferris, Len Wilbur, Vic Laursen, Dr. Melius, Oliver Ericson, Clay Morrow, Frank Cromwell, Dave Cromwell, Dr. Ray Schutt, Frank Lent, Bob Porter, Porter Smith, "Fuz" Ralph, Lynis Nelson, Clarence Adams, Clyde Jones, Guy Oliver, Dave Gibson, Rudy Campbell and Ed Olerud.

Edith and Walter Johnson of Torrence, and Edna and George Dale of Lomita, were recent guests of Jessie and Clarence Adams at a patio luncheon this week.

Mrs. Tom Foody of Anaheim, spent four days this week with her parents, Mr. and Mrs. Ed Olerud.

The barbecue steak dinner last Wednesday evening was not hosted by Ethel and Lynis Nelson as reported but was a pro-rated dinner for those attending.

Indio Fairgrounds Supt. Resigns Post

Resignation of Jack Klein as fairgrounds superintendent at Indio effective July 1, was reported to the county supervisors this week by Fair Manager Bob Fullenwider.

Fullenwider asked the board for a clarification as to the duties of the maintenance supervisor of the county buildings and grounds, and a re-determination as to salary. The matter was referred to the personnel director.

Fire Hazard

DETROIT — Fire Capt. Russell J. Bartels made one mistake in his haste to answer a call. He forgot to close the door on the cab of the fire truck. Bartels was pitched out of the cab, suffering cuts and bruises, when the truck sped out of the station.

NEWLY ELECTED OFFICERS of Desert Unit No. 7, California Trailer Park Association, are, left to right, Ray Bridenbecker of Healing Waters Trailer Village, Desert Hot Springs, sergeant-at-arms; Paul Harrison, Rancho Trailer Park, Palm Springs, chairman; Bob Hollister, Tramview Trailer Park, Tramview Village, retiring chairman; Clara Veith, Sahara

Park, secretary; Bob Ritchie, Desert Trailer Village, Palm Springs, vice chairman. Not pictured is David Cromwell, De Luxe Trailer Park, Cathedral City, treasurer. Installation was at the annual banquet of the group at Deep Well. (Walker Larsen Photo)

Farm Bureau Opposes Sales Tax for County

Opposition to the uniform county sales tax as provided under the Bradley-Burns Act was expressed by the Riverside County Farm Bureau in a letter received this week by the board of supervisors.

As it is now, all the taxpayers pay to support county government and all the people benefit therefrom, but under the proposed sales tax all of the people would pay to city government, but the non-residents would receive negligible benefits, said the Farm Bureau.

"We do not pretend that rural people receive no services or benefits from city government," said the farm group, "but we do believe that those that are received are already well paid for through various taxes and parking meters."

The Farm Bureau letter was placed on the board table for study by the supervisors.

Rock Quarry Permit Granted

A permit for operation of a rock quarry in the Whitewater area was granted by the supervisors this week on recommendation by the county planning commission, to Sidney E. Summers of Palm Springs and Lloyd A. Grossman of Cathedral City.

The site of the quarry is one mile east of Whitewater Canyon Road, two miles west of the Twenty-nine Palms highway, and two miles north of Highways 60-70-89.

Progress Reported on Road Extension

In a progress report on the petition for an extension of Wonder Palms Road from Rio Del Sol easterly to connect with Highway 60 in the Rancho Mirage-Cathedral City area, Planning Director Tyler Sues told the board of supervisors this week that a determination will soon be made by the planning commission as to the best procedure to be followed at arriving at an appropriate recommendation. The report was filed.

Reward

SAGINAW, Mich. — After 12-year-old Billy Beitz pulled a kindergarten pupil from the path of an auto, he was feted at St. Helen's parochial school, with ice cream and cake and excused from doing homework for one week.

Election Set for Pine Cove

July 3 was set by the county supervisors as the date for an election on the proposed Pine Cove County Water District.

Kenneth I. Jones, San Mateo attorney, speaking in behalf of proponents of the district, explained that the area would be the boundaries of the existing Pine Cove Mutual and Mountain Mutual water companies and surrounding government land sufficient for fire protection. The Pine Cove mountain community is surrounded by national forest.

Robert Bulot, financial consultant representative, said operation of both the mutual water companies will be taken over by the county district if the voters approve its formation.

Present at Monday's hearing before the supervisors were H. C. Schultz, Philip Menoli, R. H. Wright, and R. P. Adams.

Bighorn Sheep Refuge Proposed

Enlargement of the State Game Refuge 4-D in the Santa Rosa mountains and adjacent foothills of the TSS, RSE, TBS, RGE, and TBS, RTE, to be officially designated as "Riverside County Bighorn Sheep Sanctuary," is being urged by the La Quinta Chamber of Commerce, the county supervisors were advised this week by a state legislative proposal.

The chamber said poaching of the remnants of Bighorn sheep is continually reported in the area and the necessary patrol and patrol equipment for efficient protection of the species has not been furnished by either county or state authorities.

The matter was referred to the county fish and game commission.

Trail Property Exchange OK'd

On recommendation by county counsel to whom the matter was referred March 26, the supervisors this week approved and authorized execution of an exchange of property with the Southeastern California Association of Seventh Day Adventists in order to re-route the horse trail from Idyllwild westerly to Forest Service land.

County Counsel Ray T. Sullivan, Jr., said the new trail will be better and more restricted for riding groups in the mountain area.

Fern Valley Horse Trail Requested

Provision of a horse riding trail along the edge of a new section of road in upper Fern Valley from Hidden Lodge to the new subdivision, and establishment of a trail continuing along the edge of the present pavement from the lodge along Fern Valley Road to Circle Drive, was requested in a letter received by the county supervisors this week from the Idyllwild Chamber of Commerce.

The request was referred to the road department for study.

Why I'm for

JACQUELINE COCHRAN ODLUM for Congress

" . . . Because She Can Represent All of Us"

says Mrs. George Stowers, Jr. of Riverside.

"I'm for Jacqueline Cochran Odlum because I believe she can best represent ALL the people of our district. Any person who, as a child, to keep from starving, was forced to eat potatoes being cooked for hogs, knows the problems of families on every economic level in America. She has a deep compassion and sympathy for all people. Her generosity has been proven by the fact that she has helped educate 48 children in our public school."

Rotary Clubs Hold First Inter-City Dinner Dance

Rotary Clubs of Orange and of Palm Springs held their first inter-city dinner dance at the Tennis Club Saturday evening, and it was so successful that it may well become an annual affair, C. Ronald Ellis, general chairman, said today.

A spirit of friendship and laughter dominated the evening, which began with cocktails at 7, followed by dinner and dancing to the music of Tony Rose's orchestra. The Guadalajara Boys also appeared, courtesy of the Doll House. Skits and gags marked the program, which was emceed by Ellis. Typical of the hilarious occasion was the presentation of a gift to Orange President and Mrs. Benjamin Brubaker. Palm Springs President Don Miller made the presentation speech and asked Ellis to deliver the gold-wrapped package, which contained a rare crystal goblet from Tibet. As Ellis approached, carrying the precious and fragile treasure, he stumbled and dropped the gift. The box, which contained only broken glass, fell with a crash that crescendoed with the gasps of the onlookers. After the gag was recognized, the Brubakers received an oil painting of a desert scene, to make amends.

In a contest, in which Collis Steere extolled the virtues of Palm Springs, and Orange's City Attorney described the beauties of his home town, Steere received the coveted liar's medal. Around 125 Rotarians from the two Clubs enjoyed the evening of fellowship. President Brubaker said that never in the history of inter-city meetings had Orange Rotary Club encountered such hospitality, good will and entertainment as in Palm Springs, and that the visitors would like to make it an annual event, in reciprocal form.

Guests, who arrived Friday and departed Sunday, stayed at the Tennis Club, lazing in the sun and swimming in the Club pool. On Friday night they visited various night spots, and about two dozen of them enjoyed the hospitality of the Palm Springs Ranch Club.

Senate Group Approves New Soil Bank Plan

By UNITED PRESS
A modified version of President Eisenhower's \$1.2 billion soil bank today by the Senate Agriculture Committee.

The vote came as the committee started work on the new farm bill which the House adopted as a substitute for the one Mr. Eisenhower vetoed a month ago.

The committee went along with the President on the crops farmers could take out of production in return for "soil bank" payments.

But, like the House, it rejected his request for authority to make advance payments this year to farmers who promise to take surplus crop acreage out of production next year.

Other congressional news
TREATIES: Sen. Thomas C. Hennings, Jr. (D-Mo.) said he has asked Mr. Eisenhower to oppose "forcefully" a proposed constitutional amendment to curb the effectiveness of treaties as domestic law.

Hennings said the revamped Bricker amendment would "cut down the foreign relations powers of the President" and might have a "devastating effect" on his ability to act "in an hour of peril."

INVESTIGATION: Philip S. Foner, author and publisher from Croton-on-Hudson, N.Y., refused to tell the Senate Internal Security Subcommittee whether he published articles written by Communists or distributed any law books.

He said his answers might be self-incriminating. Foner said his firm, the Citadel Press, has published some "psychological discussions" on sex.

But he denied that it published books or pamphlets which some authorities have denounced as pornographic. The committee is investigating "the use of Communist party in making of pornographic literature" in this country.

VETERANS: The American Legion attacked the report of the presidential commission on veterans' pensions as "practically an insult" to Congress.

Legionnaire spokesman Donald R. Wilson told the House Veterans Affairs Committee: "No government commission, no amount of sophistry can deprive the veteran of special status."

UNIFORMS: The Senate investigating subcommittee sought to learn if the government lost money on shortcuts in the manufacture of military uniforms.

The subcommittee wants to know if the government collected refunds when contract deviations or shortcuts were permitted by federal officers.

NARCOTICS: Chairman Hale Boggs said legislation proposed by his House ways and means subcommittee will "practically dry up the narcotics traffic."

The legislation calls for stiffer penalties for narcotics law violators and beefed up enforcement of federal narcotics laws.

Wilson Asserts Jet Bombers to Come Faster

WASHINGTON (AP)—Defense Secretary Charles E. Wilson testified today that the Air Force will get more B52 intercontinental jet bombers than it asked for, and get them faster.

He made the statement in defending the administration's military spending program before a Senate Military Appropriations Subcommittee.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, joined Wilson in defending the defense budget as a "sound military program under world conditions as they exist."

Army Secretary Wilber M. Brucker testified that the proposed \$9.46 billion in appropriations for the Army "will enable the Army to provide an adequate measure of security for the United States and contribute materially to the deterrence of aggression."

But in the House, Rep. George H. Mahon said there is a 50-50 chance that Russia may beat the United States in firing the first intercontinental ballistic missile.

Lions Convention Report Thursday

Reports of the highly successful convention of District 4E2, Lions International, will be heard at tomorrow noon's meeting of Palm Springs Lions Club in the Starlite Room if the Chi Chi.

More than 800 visiting Lions from four counties, registered for the sessions.

Tornadic Clouds Threaten North Belt of Nation

By UNITED PRESS
Storm clouds carrying the threat of tornadoes rolled over the nation's North today.

A vast band of rain and thunderstorms stretched from Wisconsin westward across the nation's northernmost states to the Cascade Mountains of Washington and Oregon.

The storm system prompted warnings of severe thunderstorms and possibly a few isolated tornadoes in West Central Minnesota, along with hail and strong, gusty winds.

More thunderstorms rumbled late yesterday and today in northern and coastal Southern California, Florida, and the Great Plains.

The Pacific Coast rains literally answered the prayers of Central Oregon farmers. They got a 1.12 deluge in 12 hours. Nevada, Mo., was soaked by four inches of rain laced with heavy hail, while Tampa, Fla., got two inches of rain and Miami an inch and a half.

Rough weather in the East also brought tragedy to Army maneuvers on the Virginia coast. An amphibious vehicle sank off Ft. Story, and eight-foot breakers swept three men to their deaths.

Killer Whales Seen Leaping for Low-Flying Birds

PACIFIC GROVE, Calif. (AP)—A marine biologist reports seeing a group of killer whales, among the most vicious inhabitants of the sea, leaping for low-flying birds off the Northern California coast.

Richard Boolootian of the Hopkins Marine Station said he spotted five of the killer whales, four 20-foot females and one 30-foot bull.

He said they were devouring cormorants on the wing. He followed them on the shore for four hours. The area in which he spotted them is about 100 miles Yugoslav President Tito's visit to France flared briefly into violence last night when Catholic demonstrators against Communism attempted a "march" on the south of San Francisco.

Boolootian said the killer whale will attack anything. Two years ago, one even tried to take on a Coast Guard cutter in Monterey Bay here, he said.

Kettmann Commends Patrolmen's Work

Police Chief August G. Kettmann today commended Patrolman Matthew Calaf for his thoroughness in checking two itinerant hitchhickers—one was found to be carrying a concealed pistol, and Patrolman T. M. Aiken for his alertness in apprehending a vehicle suspected of hit and run, and his performance in locating juveniles reported missing from Riverside.

"Such alert police work is a great factor in maintaining a good level of law enforcement in this city," said Chief Kettmann.

Navy Pilot Dies in Crash Near Thousands Palms

A Navy pilot was killed late yesterday afternoon when his plane, a Navy AD-6 Skyraider, crashed into a sand hill just three miles east of Thousand Palms.

The plane was on a routine training flight from North Island Naval Air Station at North Island, San Diego, when, according to Riverside county deputy sheriffs, the plane hit a sand hill, burst into flames and skidded 870 feet over the desert sands. Burning parts of the plane was strewn over the entire area.

Identification of the pilot was withheld until notification of the next-of-kin.

Deputies had to use jeeps to reach the scene, and upon arrival found that an ex-Navy lieutenant, William Gastafson who is building a cabin nearby, had reached the dead pilot first and had shoveled sand on the burning body so that it could be identified.

An Air Rescue Squadron from March Air Force Base and Coast Guard Air Rescue units circled the area during the rescue work. The Army flew a helicopter to pick up the body, but Riverside County coroner ordered the body removed to Welfels and Son Mortuary here.

A navy guard team from El Centro kept spectators away pending arrival of an investigation team from North Island.

The crash was reported by James a half mile east of Rio Del Sol Road and about one mile west of Highway 99, just north of the Kovacevich Ranch.

The crash was reported by James Brewer of Indio who was driving a truck near Thousand Palms when he saw smoke and flames rise from the desert. He radioed a report to the Massey Rock and Sand company at Indio who relayed the message to the Sheriff's office.

Butter Theft Trial Delayed

John Wesley Stewart, 55, 680 East Amado Road, yesterday waived jury trial and was granted a continuance until 10 a.m. May 22, on his trial before Judge Eugene Thierau on a charge of petty theft.

Stewart was arrested April 10 and charged with drunk driving and taking 80 pounds of butter which had been left at a rendezvous spot for El Mirador Hotel, where he had been serving as a picket.

The continuance was granted to permit Stewart to secure legal counsel.

Cathedral City Theft
Charles Drummond, Cathedral City, reported the theft of a bench vise and grinding stone wheel from the garage at 715 El Placer last night. Deputy Sheriff Carroll Vogelaar is investigating.

Pool Construction Ordinance to Get Action Tonight

Up for its first reading before city council tonight will be the new swimming pool construction ordinance, designed to regulate installations, alterations and maintenance of swimming pools, fixtures, and apparatus within the City of Palm Springs.

The ordinance was compiled by members of local firms, who helped Jack Sanders, city building inspector, in a special committee.

The new ordinance calls for a schedule of fees and the imposing of penalties for violation of any of its sections or articles.

Other ordinances and resolutions before council at tonight's session are the ones covering dissolution of Parking District No. 1, the setting up of a blanket sewer connection charge; a zone change on Baristo Road; the picketing ordinance, and the Use Tax ordinance.

Boy, 12, Saves 41 on Anaheim Bus

ANAHEIM (AP)—Twelve-year-old Donald Franklin, Anaheim, was credited today with saving 41 persons on a crowded bus from possible injury by jamming on the vehicle's brakes after the driver fainted at the wheel.

Primaries in 5 States Produce Some Surprises

Five primaries gave President Eisenhower a "corn-belt" vote of confidence in Indiana and produced some surprises in other states today.

The President, running against token Republican opposition rolled to an easy "popularity" contest victory over Sen. Estes Kefauver (D-Tenn.), in Indiana's first presidential primary since 1928 Tuesday.

The other primaries in Florida, Ohio, West Virginia, and New Mexico, did not feature bona fide presidential races. Surprises included Florida Gov. Leroy Collins landslide re-election and Ohio Gov. Frank J. Lausche's difficulty in capturing all 58 Democratic presidential convention delegates.

Hoosier farmers stayed in the Republican ranks in the first farm belt primary since the President's controversial farm bill veto.

Kefauver, unopposed in the Democratic primary, had hoped to stir up a farm protest vote. But the President rolled up a vote edge of about 80,000 over the Tennesseean, whose strength was primarily concentrated in traditionally Democratic city areas.

The primary gave the President 32 first-round Republican convention votes and Kefauver 26. Mr. Eisenhower also picked up 56 Ohio votes, although they are nominally pledged to favorite son Sen. John W. Bricker.

Ousted Russian Family Saved by Chicken Pox

UNITED NATIONS, N. Y. (AP)—Chicken pox thwarted American plans to deport the family of a Soviet United Nations diplomat today for his part in persuading five Russian sailors to return to their homeland.

One of Nikolai F. Turkin's children contracted the disease so the family was granted an extension of its stay in the United States. Turkin already is in Russia. Aleksandr K. Guryanov, another low-grade U.N. diplomat declared "undesirable" by the State Department, was booked with his wife and daughter to sail cabin class aboard the Queen Mary at 5 p.m.

The State Department ordered Moscow to recall the two for exceeding their diplomatic privileges with "particularly objectionable" behavior in the sailors' case.

Choral Concert at Cahuilla School

A Cappella Choir and vocal group of the Nellie Coffman Junior High School will present a concert of choral music at 8 p.m., tonight, in the Cahuilla School auditorium.

Appearing with the choir will be the Madrigal Singers, Boys' Quartet and Mixed Quartet.

The concert will include selections from five centuries, featuring such composers as Bach, Brahms, Palestrina, Praetorius, Peri, Hindemuth and Schumann.

Estes Appraises Truman in Talk in Riverside

RIVERSIDE, Calif. (AP)—Sen. Estes Kefauver (D-Tenn.), says former President Harry Truman will have a "great deal" to do with selecting a Democrat to run against President Eisenhower in the coming elections.

"Truman will be the most influential man at the Democratic national convention although not a delegate or candidate," Kefauver said last night at a mass conference here.

The determined candidate for the Democratic presidential nomination arrived in California yesterday to renew a vote-getting campaign for the state's June 5 primary. Kefauver toured the Los Angeles area and gave a major address here before flying to Santa Barbara, Calif. for more campaigning.

Kefauver earlier in the day accused the administration of "making deals" to settle anti-trust actions instead of bringing criminal charges under federal regulations. "What the Republicans have done in anti-trust is to sit around the table with wrongdoing businessmen and make deals," he said.

H-Bomb Drop Put Off Again

ABOARD USS MT. MCKINLEY OFF ENIWETOK, Thursday (AP)—Wary officials in charge of "Operation Redwing" have postponed the hydrogen bomb explosion for another 24 hours because of unfavorable winds.

Leaders of the atomic task force announced Wednesday night after talking to weather experts that the big shot is now tentatively set for Friday morning (Thursday afternoon EDT).

It was the third time the explosion has been postponed in the past four days.

Anti-Tito Riot Flares in Paris

PARIS (AP)—Resentment against Yugoslav Embassy.

Two policemen and an undetermined number of demonstrators received minor injuries when a crowd of about 1000 clashed with rifle-carrying gendarmes outside the embassy in United States, Ave.

Carnation corner
by June Goodie
CARNATION HOME SERVICE DIRECTOR

You've never tasted cereal at its best until you've tried it drenched in rich Carnation Half and Half. This wonderful combination of fresh-from-contented-cows Carnation Milk and luscious Carnation cream makes any food taste better—whether it's cereal, fresh juicy berries, tender Spring vegetables in cream sauce, fragrant coffee, or any one of a dozen other dishes.

It costs so much less than cream, yet it's so much richer than plain milk. I often use Carnation Half and Half just "as is" to cream cooked fresh peas or green beans. And it's one of the really important ingredients in this versatile Seafood Loaf:

- Crunchy Seafood Loaf**
(Makes 4-6 servings)
2 cups cooked seafood*
1/4 cup lemon juice
1 teaspoon salt
1/4 teaspoon pepper
1/2 cup bread or cracker crumbs
1 egg
1/4 cup chopped onion
1/2 cup chopped celery
3/4 cup CARNATION HALF AND HALF

Combine all ingredients; blend thoroughly. Place in paper-lined loaf pan (8"x4"x2"). Bake in moderate oven (350°F.) about 45 minutes, or until firm. Serve hot or cold. *Any cooked seafood (lobster, tuna, salmon) can be used.

Although we Americans use pepper mainly to season and preserve food, this delightful spice has quite an exotic history. It was once considered a remedy for malaria. Even today, Hindus use it for toothache, and Dutch and French housewives use pepper as an insect repellent and moth killer.

Berries... ripe, sweet berries... soon the markets will be full of them. Enjoy your favorites often while they're in season. And, what's best on berries? Carnation Half and Half, of course. Only Carnation could make it so good!

Here's how to whack a small tack without mashing your thumb. Coat the pounding surface of your hammer with soap. The tack will stick to the soap long enough for you to tap it in place with one hand.
